## Continuity of Services

Including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.

### 27. How will the LEA ensure Continuity of Services?\*

Briefly describe an overview of the continuity of services and in the following questions you will provide more detailed information.

We have maintained our continuity of services throughout the pandemic and will continue to ensure that we serve are students and their academic and SEL needs by keeping our school open with all of our academic and support services in place. In the event that the school is required by authorities to close, we will provide digital learning opportunities for all of our students through Zoom using the same methods we did in March of 2020 and the first three weeks of school in August of 2020. We have also added staff for interventions to ensure that students coming to us from schools that did not service them adequately over the last 18 months receive extra interventions. We have policies and procedures in place, along with some additional staff to provide for the social, emotional, and mental health needs of our students. We will continue to monitor data, including feedback from students, staff, and families as to the effectiveness of current practices and potential future needs. Our food service program has continued to operate for students throughout the health emergency and will continue to provide for students going forward. Our staff training on SEL has included segments dedicated to the social, emotional, and mental well-being of staff as well as students. Our leadership team is taking extra steps to provide support in those areas for the staff members that are part of their team. We handle any other staff member needs as they arise.

### 28. How will the LEA ensure continuity of services for students' academic needs?\*

We have maintained our continuity of services throughout the pandemic and will continue to ensure that we serve are students and their academic and SEL needs by keeping our school open with all of our academic and support services in place. ### 29. How will the LEA ensure continuity of services for students' social, emotional, and mental health needs?\*

We have policies and procedures in place, along with some additional staff to provide for the social, emotional, and mental health needs of our students. We will continue to monitor data, including feedback from students, staff, and families as to the effectiveness of current practices and potential future needs.

### 30. How will the LEA ensure continuity of services for students' other needs?\*

This may include student health and food services.

Our food service program has continued to operate for students throughout the health emergency and will continue to provide for students going forward.

### 31. How will the LEA ensure continuity of services for staff's social, emotional, and mental health needs?\*

Our staff training on SEL has included segments dedicated to the social, emotional, and mental well-being of staff as well as students. Our leadership team is taking extra steps to provide support in those areas for the staff members that are part of their team.

**32. How will the LEA ensure continuity of services for staff's other needs?\***

We handle any other staff member needs as they arise.

**The LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services through September 30, 2023**

**33. Describe the process used to seek public input, and how that input was taken into account in the revision of the plan.\***

Our school provides regular opportunity for parent input through governing board meetings, PTL meetings, Parent Conferences, regularly scheduled parent meetings, and parent requested meetings to give feedback. When we receive input on the plan, we document it and bring it to the team for consideration during our reviews.

**After completing all responses in EMAC, save your information. Then, use the red download button to create a copy of your completed form to be uploaded to your LEA website.
