Dear Parent(s)/Guardian(s):

Desert View Middle School has established itself as one of the finest schools in the country by remaining true to the core values that drive its mission: *Educate with Knowledge; Empower with Character; Equip for Life*. These values remain as compelling as ever going into the new school year.

We want to provide a strong academic program that encourages the development of critical thinking; we want our students collaborating with each other; we want them to communicate effectively; and most importantly, we want our students thinking creatively in ways that help them to become empowered to meet the future with confidence.

In short, we want our students and families to have the Desert View MS Experience. In doing so, our students receive a personalized learning experience in a safe and nurturing environment that prepares them for the 21st century.

As educators, we are servant-leaders. We serve the students, parents, teachers, and school community. Our experience and training have prepared us well. We are committed to extending DVM's reputation as a community of caring teachers and students seeking to challenge themselves.

Educators at DVMS are dedicated, caring, and well prepared to provide a quality education for all students. DVMS equips our educators with ongoing professional development aligned with Arizona State Standards and student needs. Information regarding the education and experience of the teacher(s) and learning coach(es) working with your student may be viewed upon request. If you wish to view the information, please contact the school office.

As members of the DVMS school community and family, we are proud to say: *We Are Desert View Middle School!*

Dragons on Fire!

Tamy Durham, Principal

Jayleen Hackmann, Assistant Principal

Mission

The mission of DVMS is to *Educate with Knowledge, Empower with Character, and Equip for Life* all students who join us in our unique educational model.

Beliefs

- We believe that the parent/guardian is the child's primary teacher.
- We believe that DVMS plays a supporting role in equipping your child for academic success.
- We believe that together, through a strong and consistent partnership, we can facilitate a strong, comprehensive learning experience for your child.
- We believe in natural consequences and accountability which promotes mature, self-sufficient learners.
- We believe that learners for life are created when the student develops a genuine desire to learn. It should be developed at the discovery that learning is fun, and the right thing to do.

Student Identification Badges

Student identification badges will be provided to all students. Students will be required to carry their Student ID with them at all times during regular school hours. Student IDs will be used to take attendance. Student ID's will also be required to attend certain evening and extra-curricular events.

Replacement

A \$15 replacement fee will be assessed for lost or stolen IDs. After four consecutive days of not having an ID, the student will be required to replace their ID. Parents will be notified after the third consecutive school day.

Visitors

Parents are encouraged to confer often with teachers, counselors and principals. In the event that a parent would like to observe a classroom, they must make arrangements with the teacher prior to the visit.

All visitors are required to register and present photo identification at the front desk in the main lobby. No student visitors are permitted except in unusual circumstances and only with prior approval of school administration.

While in the building, all visitors must be escorted by a school employee.

Attendance

Purpose

Desert View Middle School requires that school age students enrolled in the school attend school regularly in accordance with state laws. The educational program offered by the school is predicated upon the presence of the student and requires continuity of instruction and classroom participation in order for students to achieve academic standards and consistent educational progress. The interaction of students with one another in the classroom and their participation in planned learning activities under the supervision of the school personnel are vital to the learning process.

Authority

Attendance shall be required of all students enrolled in Desert View Middle School during the days and hours that school is in session, except that a principal or teacher may excuse a student for temporary absences when receiving satisfactory evidence of mental, physical, or other urgent reasons that may reasonably cause the student's absence. Urgent reasons shall be strictly construed and do not permit irregular attendance.

General Procedures Relating to Student Absence

For purposes of this policy, there are two (2) types of student absence:

Excused—"Pursuant to A.R.S. § 15-901(A)(1), excused absences are identified by the Department of Education. The Department of Education defines an excused absence as an absence due to illness, doctor appointment, bereavement, family emergencies, and out-of-school suspensions".

Unexcused—Absences which do not meet the criteria indicated above for "excused absences."

Absences shall be treated as unexcused until the school receives a written excuse explaining the absence, to be submitted within three (3) days of the absence. A maximum of ten (10) days of consecutive lawful absences verified by parental notification may be permitted during a school year. After three (3) or more consecutive school days' absence, the school administrator may request that the parents/student provide a doctor's certification of absence. Such certification must indicate that the student was seen by the physician, the date of the visit, and when the student was cleared to return to school. All absences beyond ten (10) consecutive days shall require an excuse from a licensed physician.

The school principal or his/her designee may determine unexcused absences as unlawful and report to appropriate authorities infractions of the law regarding the attendance of students below the age of sixteen (16).

The school principal or designee shall issue notice to those parents/guardians who fail to comply with the statutory requirements of compulsory attendance that such infractions will be prosecuted according to law.

The school principal or designee shall be responsible for making direct personal contact with the parent(s)/guardian(s) of any student who has a record of excessive absenteeism, unexcused and/or unlawful absences.

Attendance need not always be within school facilities. A student will be considered in attendance if present at any place where school is considered to be in session by authority of the building principal; the student is receiving approved tutorial instruction, or health or therapeutic services; the student is engaged in an approved and properly supervised independent study, work-study or career education program; or the student is receiving approved homebound instruction; or the student is attending appropriately designated instruction in an approved “concurrent enrollment” program through a local college or university.

All absences occasioned by observance of the student's religion on a day approved by Desert View Middle School as a religious holiday shall be excused. A penalty shall not be attached to an absence for a religious holiday.

The school principal or designee shall, upon a written request of the parents/guardians, release from attendance a student participating in a religious instruction program acknowledged by the school. Such instruction shall not require the child's absence from school for more than thirty-six (36) hours per school year, and its organizers must inform the school principal or designee of the child's attendance record. Desert View Middle School shall not provide transportation to religious instruction. A penalty shall not be attached to an absence for religious instruction.

The school principal or designee shall permit a student to be excused for participation in a project sponsored by a statewide or countywide 4-H, FFA, or combined 4-H and FFA group upon written request prior to the event.

In the case of excused absences, the student will be expected to make up any assignments or tests that have been missed and, for this purpose, will be granted a period of time equal to the length of the absence.

As a general policy, students with unexcused/unlawful absences will not be permitted to make up assignments or tests missed during the period of absence. The school principal or designee may permit the makeup of work or tests, depending upon the circumstances of each case and the attendance history of the child.

Absences impacting academic grades

If excessive absences arise, the student may be granted no grade for the semester and the student's report card will reflect no grade (NG) issued. For the purposes of this specific policy excessive absences are defined as:

- 9 or more unexcused absences per semester
- 18 or more combined (excused/unexcused) absences per semester

If a student has excessive absences as defined above, the principal will review the specifics of the excessive absences and determine if a grade will be issued or not. If the principal determines that a grade will not be issued, parents will be contacted and afforded the opportunity to meet and provide additional insight that may impact the decision.

Absence or late to Class

Students in school for the day may be excused from class only by a principal. A student who misses a class, or more than five (5) minutes of the class, due to unexcused lateness shall be referred to the administration. Cutting of class and excessive tardies will result in disciplinary action.

Reporting to School

Students are to report to school by the second bell at 7:50 A.M each morning. Students not present at 7:51 A.M. will be considered tardy to school. All tardiness to school, with the exception of tardiness caused by district transportation, shall be recorded both on a student's permanent record and in a cumulative fashion on the student's report card. Excessive tardiness may result in disciplinary action.

Student Participation in Activities

Students **MUST** be in attendance in order to participate in a school-sponsored activity or event or attend a school-sponsored function. Students who are declared absent from school will not be permitted to attend a school function and will be declared ineligible to participate in activities.

Educational Tours and Trips

The school principal may excuse a student from school attendance to participate in an educational tour or trip not sponsored by the school if the following conditions are met:

- Unless unusual circumstances exist, the parent/guardian will submit a written request by means of the school's Educational Trip Request Form, for excusal two (2) weeks prior to the date of the trip.

- The adult directing and supervising the tour or trip is acceptable to the parents/guardians and the school principal or designee.
- Students shall be granted the privilege of making up work missed by excused absence.

However, the responsibility for making up the work lies entirely with the student. Arrangements shall be made with the teachers as to the work which will be missed. The school principal or designee may limit the number and duration of tours or trips for which excused absences may be granted to a student during the school term.

In determining whether a student may be excused from school attendance in order to participate in major school-sponsored trips and/or college visitation trips, the building administrator may give consideration to the student's record of unexcused/unlawful absences and the student's cumulative excused absences for the school year in question. Prior excessive absences may limit participation in school-sponsored trips and activities.

Delegation of Responsibility

The school principal or designee shall develop procedures for the attendance of students which:

- Ensure a school session that conforms with the requirements of state regulations.
- Govern the keeping of attendance records in accordance with state statutes.
- Distribute annually to staff, students, and parents/guardians board policies and school rules and regulations governing student attendance, absences, and excuses.
- Impose on truant students appropriate incremental disciplinary measures for infractions of school rules, but no penalty may have an irredeemably negative effect on the student's record beyond that which naturally follows absence from classroom learning experiences.
- Identify the habitual truant, investigate the causes of truant behavior, and consider modification of the student's educational program to meet particular needs and interests.
- Ensure that students legally absent have an opportunity to make up work.
- Issue written notice to any parent/guardian who fails to comply with the compulsory attendance statute, within three (3) days of any proceeding brought under that statute. Such notice shall inform the parent/guardian of the date(s) the absence occurred, that the absence was unexcused and in violation of law, that the parent/guardian is being notified and informed of his/her liability under law for the absence of the student, and that further violation during the school term will be prosecuted without notice.

Parents/guardians will be notified regarding their student's excessive absences by means of an informative letter. Attendance notification letters are mailed to maintain collaborative attendance

efforts between schools and parents/guardians.

If attendance issues arise medical documentation may be required and attendance meetings with principal or designees may be required of parent/guardian and student. If the absence(s) are deemed unexcused, the student will be granted no credit for the course work missed and no make-up privileges will be permitted.

In addition, if the student continues to exhibit a pattern of absenteeism, a letter, under the building administrator's signature, may be sent to the parents or guardians, informing them that a physician's statement will be required for each subsequent absence or the absence will be classified as unexcused or unlawful. Students will be expected to present these excuses within three (3) days of returning to school.

Upon the 10th absence, excused and/or unexcused, parents will be notified by the principal, in writing, that the student's attendance has exceeded the limit of acceptable absences for one school year, and that all subsequent absences will require medical documentation or be deemed unexcused with no make-up privileges for work missed due to the unexcused absence.

Failure to comply with providing medical documentation may result in truancy charges filed with the local law enforcement authority.

The District shall not discriminate against any student regarding attendance in school on the basis of race, color, religion, creed, ancestry, age, gender, national origin, sexual orientation, handicap/disability, or the use of a guide or support animals because of blindness or deafness of the user.

Early Dismissal of Students

Early dismissals will be granted for professional medical services, personal illness approved by the principal or designee, emergencies approved by the principal or designee, or reasons approved in advance by the principal. All requests for early dismissals are subject to approval at the discretion of the principal.

Bus Conduct

All school district rules and policies are in effect on district provided transportation. In the interest of a safe, orderly and pleasant ride on the school bus, students are expected to be courteous, cooperative, and have self-control.

Except when assigned by a principal or driver, there are no reserved seats on the bus. Students will take seats available as they get on the bus and will not "save" a seat for any other student. Students are not permitted to stand while the bus is in motion. Students are not permitted to put hands, arms or heads out of bus windows. For the safety and well-being of students, cameras with audio and video recording capabilities are installed on district school buses. Students should

wait for the bus to come to a complete stop before entering or leaving the bus.

Students are not to tamper with or deface anything on the bus, nor are they to throw anything out the windows. Financial responsibility rests with the student for damage done to the bus. Emergency doors are to be used only in an emergency and not in the ordinary exit from the bus. Eating, drinking, smoking, drug use, and using abusive language are strictly forbidden on the bus. Pushing, shoving, and any other unnecessary roughness will not be tolerated.

When departing from the bus to cross the highway, students are required to cross in front of the bus and be careful of traffic coming in either direction along the highway. The bus driver is responsible for the bus and the safety of its occupants. The driver's directions shall be followed at all times. Any situation that needs attention on the bus should be reported to the driver at once. The driver will bring serious or repeated infractions to the attention of the building principal for resolution.

Transportation and safety should be everyone's concern. Serious and persistent violations of transportation rules and lack of consideration for others on buses may lead to a suspension of bus riding privileges.

Dress and Grooming

A student's manner of dress or hair style is the responsibility of the student and his/her parents or guardians. It is the responsibility of the school to stress decency, cleanliness, and appropriateness of dress for school; therefore, it remains the final decision of the administration in cases of questionable attire. Unless otherwise stipulated by the school principal or designee with prior notice, all students will adhere to the uniform policy of the school at all times.

In cases wherein free dress is permitted on a specific school day, students will exercise appropriate decorum. Examples of inappropriate dress in a school setting include items such as: halter tops, tube tops, bare midriffs, see through clothing, clothing depicting or suggesting sexual activity, innuendo, alcohol, drugs, violence, offensive or provocative materials, jeans with holes or rips in them, and any attire deemed inappropriate by a member of the administrative team.

Appropriate undergarments need to be worn and not visible. No extremely tight, exceedingly loose, or revealing clothing will be considered suitable school dress. Students deemed to be in violation of this policy will be required to make the necessary adjustments to their attire or will be removed from the educational setting. Additionally, students are not permitted to wear hats, hoods, or any other type of headgear in the school at any time.

School dress code is: Navy Blue or White polo shirt with Desert View School's logo. Students must wear Khaki or Navy Blue pants, shorts, skirts, capris, or skorts. Shorts must be no shorter

than three (3) inches above the knee. Pants, shorts, skirts, capris, or skorts must be Dickies type material. Pants, shorts, skirts, capris, or skorts can not be denim material. Students cannot wear jeggings, jeans, sweat pants, or basketball shorts as part of their regular uniform. If the student opts to wear a jacket it may consist of one or more colors, or it can be a plain solid color with our school logo. Shoes must be closed-toed and closed-heeled. The shoe must enclose the entire foot. If you have any questions please speak to the main office.

Physical Education Clothing - On PE days students may choose to wear school approved athletic wear or their school uniform. School approved athletic wear consists of shirts that are solid gray, shorts that are solid color, and no shorter than 3 inches above the knee. Workout pants and/or yoga pants may be worn, but they must be solid black. Yoga pants or work out pants must be solid with no mesh or openings.

Web 2.0 Policy

Web 2.0 is a broad term commonly used when referring to the implementation and usage of Weblogs (commonly called “blogs”) and wikis in the classroom setting. Blogs and wikis are both a special type of Web page that can be created and easily updated using a Web browser.

Throughout the school year teachers may require students to participate and be active in academic discussions and activities utilizing blogs or wikis. Speech that is inappropriate for class is not appropriate for a blog or wiki. Debate and conversation with other students directly related to academic content is encouraged while utilizing Web 2.0, but it is also expected that students will conduct themselves in a manner that is reflective of a representative of Desert View Middle School.

Students who do not abide by this policy or more specific Web 2.0 policies set forth by their classroom teacher may lose their opportunities and privileges to participate in such classroom activities.

Technology Acceptable Use Policy

Use of technology at Desert View MS is a privilege, not a right. All students registered at Desert View MS will be given a network account and applications appropriate for their grade level and course selection. Students are responsible for the security of their accounts. Protect your password. Keep it to yourself to protect your work. If you are found using someone else’s account, appropriate discipline and/or suspension will occur.

Any user shall be required to abide by and conform to generally accepted rules of computer use guidelines. Desert View MS staff shall monitor computer activities and be directly responsible for enforcement of this agreement. Students shall be required at any time when asked to display and reveal any information on the Desert View MS network and random checks of accounts may

be performed.

Computer Use Guidelines

Computers shall be used as tools of instruction, record keeping and learning. Treat them with respect. Any vandalism of any kind shall result in suspension, cancellation or revocation of access privileges and/or restitution as may be deemed by the school.

*Vandalism is defined as any attempt to harm, impair, modify or destroy data from another user. Vandalism shall include, but not be limited to, the uploading or creation of computer viruses, damage or destruction to computer software or hardware, or illegal use of the computer in such a manner that may cause damage or destruction to the integrity of the Desert View MS networks. Restitution in the form of repair or replacement of equipment as deemed by the school to include legal action may be taken.

Appropriate language shall be used at all times. Users shall not use profanity, cursing, vulgarity, sexually explicit language, diagrams, photographs or other information that is obscene or abusive.

Any activity in violation of state or federal law shall be prohibited. If Desert View MS discovers use of the network for such activity, the appropriate city, state, or federal law enforcement authorities shall be notified.

As a safeguard against viruses, no one shall at any time attempt to install software without permission from the DVMS system administrator.

Computer settings such as printer settings, screensavers, backgrounds, window layouts, cursors and other hard drive components should not be changed, edited or deleted at any time. This is considered a restricted area.

A student's use of a computer should not interfere with the system as a whole. Playing stand-alone games shall be allowed only under the following guidelines:

- No one shall upload games to individually owned diskettes or download games from the Internet to any computer.
- Any games or software that interferes with system resources will be removed from the system. Disciplinary action will follow.

Cell Phone Policy

All cell phones must be turned off and remain in the student's backpack during school hours. In the event a student has a cell phone on their person during school hours without prior permission, the student's phone may be confiscated. Parents may be required to pick it up from the office. Office reserves the right to apply disciplinary actions.

Smartwatches may be worn if used appropriately. Students may not make calls, texts, or use smartwatches during school hours. Devices may be confiscated and students may be subject to disciplinary action. Smartwatches may not be worn during testing.

DVMS assumes no responsibility for loss or damage of cell phones, smartwatches, or other personal devices.

Fire Drills

By State Law, schools are required to have unannounced fire drills. For the protection of students and staff, fire drills are conducted monthly. During evacuation procedures, students are required to promptly follow directions of staff and those in recognized authority.

Students are to report to the specified area designated by your teacher and wait for the signal to return to class. It is the student's responsibility to report to the assigned area and teacher. Attendance will be taken.

Evacuation Procedure

In the event of a threatening person on campus, DVMS will scatter to known rally points. The school administration will work with responding agencies to ensure the safety of all students and staff. The school administration will communicate with parents in a timely manner and determine if school will continue in session for the day.

Grading Procedures

Evaluation procedures for all students must be equitable and consistent. It is the responsibility of the administrators and staff to make professional judgments regarding the achievement of each student. It is the responsibility of each student to comply with the established regulations that affect academic performance. These regulations are applicable for grades 6-8.

Credit Eligibility

Letter Grades

Letter grades of A, B, C, D and F will be issued in all courses at semester intervals.

DESCRIPTOR LETTER GRADES PERCENTAGE RANGE

Advanced Work A	100 - 90
Proficient Work B	89 - 80

Progress Reporting

Parents and students have access to their child's progress at all times through the school's online grade reporting system, PowerSchool,

<https://carpediemschools.powerschool.com/public/home.html>

All parents and students have their own assigned login information. Questions regarding student grades should be made directly to the evaluating teacher. Students and/or parents in need of additional assistance may contact the school administration. For help viewing PowerSchool, please contact the school office for assistance.

Student Transcripts and Student Records

Parents/Guardians and students have the right to review their child's school records.

Arrangements for review may be made through the main office. In an effort to preserve the confidentiality of students and in compliance with law, student records will not be released to colleges, business schools, technical schools or employers without written authorization from students. Please allow two school days to process the request for records.

Student Work

Teachers are encouraged to evaluate, record, and return in a timely fashion all student work that is collected. At the beginning of the course, students will be advised concerning relevant information necessary to successfully complete the course and evaluation procedures.

The procedures for making up work may be found in the Attendance section of this handbook. Absences from class may impact negatively on a student's academic progress. Failure to complete work assigned as a result of absence will negatively affect the student's grade. A student does not have a right to make up work missed due to an unexcused absence. Suspension from school is an excused absence.

In extraordinary situations, opportunities to make up work or take tests missed during an unexcused absence may be offered. These opportunities are left to the discretion of the principal after consultation with the teachers.

Class Participation

Class participation is a valid component in student evaluation. However, grades may not be

lowered for inappropriate classroom behavior. Such behavior must be addressed within the school's discipline procedure.

Student Awareness

At the beginning of a course, the teacher will inform students of the method used to calculate semester and final grades. Students should be made aware of the specific components that determine these grades and of the value of each component if a specific value is assigned.

Appeal of Grade

The teacher is the primary evaluator. Parents or students who wish to appeal a course grade should appeal to the teacher. Parents or students who remain unsatisfied following the appeal to the teacher may appeal to the principal.

Honor Roll

An Honor Roll is published to recognize students for their academic performance. All students are eligible to be recognized as Honor Roll students provided they are enrolled full time.

Lunches

Students may bring sack lunches or purchase a lunch online through HotLunches.com.

Hot lunches and cold lunches are available. All orders must be submitted through HotLunches.com before noon the previous day.

A Family Meal Application for reduced meals is available on our website under "lunches".

Retention Policy

Students are not retained from one grade level to the next. This is because the student always works at their instructional readiness level (IRL), regardless if that IRL is above or below the student's grade level as determined by the state. The school also provides various intervention programs to address any gaps in learning.

Emergency Contact Information

DVMS must have emergency contact information on file for each of our students.

Parents/guardians are required to notify the front office with information changes. The contacts listed on the emergency information form will be the only ones permitted to pick up students. Appropriate identification will be required when picking up the child.

Photos and Videotaping

Photos and videotape footage of Desert View Middle School students involved in various school-related activities are often used as part of the district's community relations program and for professional development. Photographs or video clips may be used in district publications, video productions, newspapers, television and district or individual classroom websites.

Students are not to take photos or videos of staff, other students, at any school sanctioned events. If administration is made aware that a student has taken a photo or video, they will ask the student to delete the video/photo. Parents will be notified when this occurs. Students may be subject to disciplinary action.

Student Code of Conduct

3 B's Initiative

We believe everyone deserves a safe, supportive, and orderly learning environment. We encourage appropriate behaviors by teaching, guiding, directing, and providing opportunities for new learning to occur. We create opportunities for students to practice and succeed in making responsible and effective choices in order to reach their academic potential and contribute to the school community.

The students should always:

- Be Responsible
- Be Respectful
- Be Empowered

Safe Schools Policy

Purpose

Stress caused by student violence rebounds throughout a school. Desert View Middle School is dedicated to helping educators ensure safe and secure learning environments, free from crime and fear, where the business of quality education can be carried out without interruption.

Philosophy

The school addresses many aspects of a child's development. One of the aspects, social skills acquisition, can greatly affect the development of students. The student who consistently demonstrates acceptable behavior will experience success in many areas, including academic achievement, peer acceptance, emotional growth, and self-esteem.

Desert View Middle School believes that a safe, productive, and positive climate can be provided by the appropriate and timely implementation of the guidelines. The school also believes that, if students show respect to all people at all times, a positive atmosphere can be maintained.

The school uses a progressive discipline approach in dealing with misbehavior. The school has a program of behavior and consequences that begins with teacher intervention and progresses through a number of consequences that may ultimately lead to permanent expulsion from school.

To guarantee that all students will experience the excellent educational climate they deserve, the Desert View Middle School has developed these behavioral guidelines.

Authority and Responsibility

The school has the authority to make reasonable and necessary rules governing the conduct of students in school. The goal is to develop positive, constructive student behaviors. Discipline is administered to modify inappropriate behavior.

The school will implement and enforce the rules, regulations, and procedures set forth in this discipline policy. The lines of authority in dealing with discipline rest first with the teaching staff and the school principal. The school also recognizes this, or any discipline policy, cannot be effective without the full cooperation of the entire staff, parents, and the students of the school.

Student Responsibility

Students have a great responsibility in being good citizens of their school. Their responsibilities include regular school attendance, conscientious effort in classroom work, and conformity to school rules and regulations. Students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living. It is the responsibility of each student to respect the rights of the teachers, administrators, students, and all others who are involved in the educational process.

It is the responsibility of students to be aware of all rules and regulations for student behavior and to conduct themselves in accordance with them. Students, therefore, must obey school rules and work through channels to effect changes. Such changes may be accomplished by working through class officers, homeroom representatives, the student council, or meeting with administration.

Discipline Code

An important goal of the Desert View Middle School is to help students develop self-discipline. Students share the responsibility of maintaining an atmosphere within the school that is conducive to wholesome learning and living. No student has the right to interfere with the education of others.

Students are expected to follow the discipline code. When this does not occur, the principal or designee will take disciplinary action, taking into consideration the nature of the offense and the number of similar offenses committed by that student. A student who commits an offense for the first time will be assigned a lesser penalty than the student who continues the same inappropriate behaviors. The principal or designee may require a parental conference or informal hearing to

resolve the problem.

The following is a list of consequences available to the school for disciplinary purposes. Administration reserves the right to use any and all consequences, and modify any and all consequences, to fit the circumstances and/or extenuating circumstances necessary to provide appropriate levels of discipline for each individual student.

1. Verbal Warning

- a. An informal conversation between an administrator and a student. The student is reminded of the rules regarding student behavior.
- b. An informal conference between an administrator and a student. The student is reminded of the rules, regarding student behavior, and a plan is put into place.

2. Formal Conference

- a. A conference between an administrator and a student. The student is, again, reminded of the rules, regarding student behavior and parents are contacted. Natural consequences are given both at school and at home.
- b. Second Formal Conference A conference between an administrator, a student, and parent(s). Rules are discussed, along with infraction. Consequences are also discussed. Consequence(s) could be natural, lunch detention or suspension, depending on the nature of the infraction.

3. Behavior Contract

- a. A contract is written that states what behavior is occurring and what we have done to curb the behavior. The contract will also specify what the next steps will be if the student continues with the behavior.

***4. Short Term Suspension**

- a. Definition: Removing the student from class (ISS) or school (OSS) for a specified length of time, not to exceed ten (10) school days.

***5. Long Term Suspension**

- a. Definition: Removing the student from school for a specified length of time, a minimum of eleven (11) school days and a maximum of one hundred seventy-nine (179) school days.

***6. Expulsion**

- a. Definition: Permanent exclusion of a student from school. Governing Board action is required. Appeal for reinstatement is available and must be approved by the Governing Board.

*During the period of this suspension, your student may not attend school (#4-#6) or any extracurricular activities associated with the school. (#4-#6).

DVMS strives to treat all students on a fair basis and will not discriminate on the basis of race,

color, religion, sex, handicap or national origin. We assure equal opportunity and due process to each student.

Investigation process of student violations of conduct of code

When school administration becomes aware of a possible student violation of the conduct code they will begin an investigation process. This process may include the following actions:

- Student interviews
- Staff interviews
- Review of video footage

In order to comply with student privacy laws, video footage is prohibited from sharing with those outside Desert View Schools employment.

During the investigative process students may be asked to provide written statements of the incident being investigated.

At the conclusion of the interview process administration will determine whether a violation of the conduct code has occurred, and if so the appropriate discipline will be administered. At that time parents will be contacted and informed of the results.

If administration determines a criminal offense possibly occurred, law enforcement will be contacted. When law enforcement officials are on campus investigating a possible criminal offense they will notify the school administration when parents may be contacted.
